Back-End: Node.js, Express.js, Java (JSP, Servlets, Java EE), Spring Boot, Python (Django), PHP, RESTful APIs

Databases & Tools: MySQL, SQLyog, MongoDB, Mongoose, SQLite3, Git, GitHub

Cloud & Practices: AWS, Hostinger, Vercel, Netlify, Render, GitHub Pages, Auth & Access Control, Debugging, SEO Basics

PROFESSIONAL EXPERIENCE

Full Stack Developer | Nineteen Realtech Labs Private Limited | Feb 2026 – Present

- Building and maintaining scalable web applications across front-end and back-end modules.
- Developing responsive user interfaces and reusable components using JavaScript, React.js, Next.js, and Tailwind CSS.
- Designing and integrating RESTful APIs, server-side logic, and database workflows across back-end services.
- Collaborating on code reviews, debugging, performance optimization, and production deployments.

Java Full Stack Intern | Analyze Infotech, Lucknow | Nov 2024 – May 2025

- Built and enhanced back-end and front-end web components using Java EE, JSP, Servlets, and MySQL.
- Implemented dynamic web pages, API integrations, and relational database management.
- Participated in code reviews, bug fixing, testing, code optimization, and deployment cycles.

Project Trainee – Java / Java EE | Analyze Infotech, Lucknow | Aug 2024 – Nov 2024

- Completed Web Development Division training by building the "Skill Matrix" web application using Java/Java EE, JSP, Servlets, and MySQL.
- Applied object-oriented programming and gained practical experience in application design, debugging, and deployment.

PROJECTS

FileShare PHP App | PHP, MySQL, Tailwind CSS, JavaScript | Live Demo

- Built a file-sharing web app with secure user registration/login, file uploads, MySQL storage, and shareable download links.

Skill Matrix – Online Exam System | HTML5, CSS3, JavaScript, Java (JSP, Servlets), MySQL | Live Preview

- Developed an online exam platform for taking exams, managing quizzes, and viewing results with Servlet session auth.

TextUtils – Text Processing Web App | React.js, HTML5, CSS3, JavaScript, Bootstrap | Live App

- Built a responsive React.js text utility with case transformations, space cleanup, copy/download, word count, reading time, and dark mode.

Virtual Office Manager | HTML5, CSS3, JavaScript, Java (JSP, Servlets), MySQL (SQLyog)

- Created a team task allocation and progress tracking platform with role-based access for admins, managers, and employees.

EDUCATION

Bachelor of Computer Applications (BCA) | University of Lucknow, Lucknow | 2022 – 2025 | CGPA: 7.01 / 10

High School & Intermediate | St. Antony's Inter College, Lucknow | 2019 – 2022
