PROFESSIONAL SUMMARY

Full Stack Developer currently working at **Nineteen Realtech Labs Private Limited** (since Feb 2026), with hands-on experience building and deploying scalable web applications across front-end and back-end modules. Proficient in **React.js, Next.js, Node.js, Java (JSP, Servlets, Spring Boot), Python (Django), PHP**, and **MySQL / MongoDB**, focused on clean UI/UX, RESTful API integration, and reliable production delivery.

TECHNICAL SKILLS

Front-End	HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS, Bootstrap, Responsive Design
Back-End	Node.js, Express.js, Java (Java EE, JSP, Servlets), Spring Boot, Python (Django), PHP, RESTful APIs
Databases	MySQL, SQLyog, MongoDB, Mongoose, SQLite3
Cloud & Hosting	AWS, Hostinger, Vercel, Netlify, Render, GitHub Pages
Tools & Core	Git, GitHub, Authentication & Session Management, Testing & Debugging, SEO Basics, UI/UX Optimization

PROFESSIONAL EXPERIENCE

Full Stack Developer | Nineteen Realtech Labs Private Limited — Feb 2026 – Present

- Building and maintaining scalable full-stack web applications across front-end interfaces and back-end services.
- Developing responsive UI components and application workflows using modern JavaScript, React.js, Next.js, and Tailwind CSS.
- Designing and integrating RESTful APIs, server-side logic, and database operations for reliable feature delivery.
- Participating in code reviews, debugging, performance optimization, and production deployments.

Java Full Stack Intern | Analyze Infotech, Lucknow — Nov 2024 – May 2025

- Developed and enhanced front-end and back-end web modules using Java EE, JSP, Servlets, and MySQL.
- Implemented dynamic web pages, API integrations, and structured relational database queries.
- Contributed to code reviews, bug fixing, testing, code optimization, and deployment cycles.

Project Trainee – Java / Java EE | Analyze Infotech, Lucknow — Aug 2024 – Nov 2024

- Completed Web Development Division training by designing and building the "Skill Matrix" web platform with Java/Java EE.
- Applied object-oriented programming, JSP, Servlets, and MySQL across design, debugging, and deployment.

KEY PROJECTS

FileShare PHP App | PHP, MySQL, HTML5, Tailwind CSS, JavaScript — filesharephp-dev.onrender.com

- Built a full-stack file-sharing web application featuring user registration, login validation, file uploads, and public share links.
- Managed persistent file records in MySQL and generated unique downloadable URLs for each uploaded asset.

Skill Matrix – Online Exam System | HTML5, CSS3, JavaScript, Java (JSP, Servlets), MySQL — devprakash001.github.io/Skill-Matrix-Preview/

- Developed an online examination platform enabling users to take exams, manage quizzes, and view instant results.
- Implemented user authentication, session management with Java Servlets, and SQLyog-backed MySQL query handling.

TextUtils – Text Processing Web App | React.js, HTML5, CSS3, JavaScript, Bootstrap — inotebook-dev.netlify.app

- Built a responsive React.js text utility for real-time case conversion, whitespace cleanup, reversal, copy, and text export.
- Added dynamic word/character counting, reading-time estimation, and an accessible dark mode toggle.

Virtual Office Manager | HTML5, CSS3, JavaScript, Java (JSP, Servlets), MySQL

- Built a virtual office management platform for team task creation, assignment, and progress tracking backed by MySQL.
- Implemented role-based access control separating permissions for admins, managers, and employees.

EDUCATION

Bachelor of Computer Applications (BCA) | University of Lucknow, Lucknow | CGPA: 7.01 / 10 — 2022 – 2025

High School & Intermediate | St. Antony's Inter College, Lucknow — 2019 – 2022

CERTIFICATIONS

- **Java Full Stack Internship Certification** — Analyze Infotech — 2025
- **Full Stack Development Certification** — Analyze Infotech — 2024
- **Full Stack Development with Python Django** — Simplilearn | SkillUP
